This global camp for young children is a sampling of a Providence Day School model that achieved national recognition and publication in 2015 and is designed to prepare young minds to become strong global citizens.

This camp is developmentally appropriate and lots of fun for rising K, rising 1st, and rising 2nd grade students.

Come Fly With Me...

Pack your bags and grab your passport because an exciting World Adventure is about to begin! Join Ms. Smith on a trip around the globe in 5 fun-filled days! Each day brings a new destination where travelers will explore rich culture through arts, language, traditions, music, movement, food and more. Literature sets the stage while interactive learning centers and group activities bring the trip to life. Other areas of focus for our young travelers include a study of geography, architecture, history, celebrations, conservation, sports, and more. Your child may even bring home a souvenir or two!

This camp offers 4 different week-long tours. You may sign up for as many as you wish, morning or afternoon. Each week we will travel to 5 new locations; all are listed above.
